CERTIFICATE IN BASIC THEORY OF TCM (ENGLISH)

Certificate in Basic Theory of TCM course is specially designed for the general public to have an essential basic knowledge of Traditional Chinese Medicine. It caters to those who wish to learn more about TCM or those with intention to engage in TCM related jobs and business. After completion of the course, students will have a good foundation in the basic theory of TCM and will be able to further study other TCM courses such as Certificate in TCM Assistant.

Course Objectives:

1. To be proficient in the basic theory of TCM and related TCM diagnostic knowledge.
2. To understand the Chinese Materia Medica and TCM Formulary, allowing one to be proficient in Chinese medicine and drugs, and the principle of prescription.
3. To understand the basic general healthcare for self-care and disease prevention.
4. To enhance TCM knowledge so as to lay a good foundation for future TCM clinic management and pharmacy services.
5. To lay a good foundation to prepare for further TCM related courses such as Certificate in TCM Assistant.

Target group:

1. Concerned about healthcare, interested in TCM;
2. Workers of the health industry;
3. Chinese medicine general health personnel, nursing home staff;
4. Considering a career change, personnel working in TCM-related industries.
